Newsweek dedicated a September cover story to Dr. Phil, which turned out to be the magazine's best-selling profile cover of the year. After ingressing the cockpit, adjusting your headset and responding to the radio check you'll be cleared for takeoff. A few minutes is all you have to practice because when ATC radios "Fight's On, Fight's On" – it's furball time and we're keeping score. Fly high, fly low, try everything to prevent an opponent from getting behind you. You'll be wiping the beads of sweat from your brow when you hear "Knock it off, Knock it off". Try to catch your breath before attempting your first of two airport landings. Once on terra firma you'll egress your cockpit and join the others and the instructor for a debrief and scoring review.

Anacapa is the closest island to the mainland just 12 miles from the Channel Islands Harbor in Oxnard; travel time is just under one hour. Most of Island Packers departures to East Anacapa Island are from our location in the Channel Islands Harbor in Oxnard. Anacapa is comprised of three small islets, East, Middle and West. Exploration is permitted on the East islet accessed by the Landing Cove, and a small beach on the West islet called Frenchy's Cove. The middle islet and most of the western islet remain a wilderness area set aside for nesting seabirds like the endangered California brown pelican. Santa Cruz is the largest island off the coast of California. Located between Anacapa and Santa Rosa Islands, it lies from 19-25 miles off the adjacent mainland coast between Ventura and Santa Barbara. The scenic beauty of Santa Cruz is reflected in its many landforms, including two rugged mountain ranges, the highest peaks on the Channel Islands, deep canyons, a central valley, year-round springs and streams, plus 77 miles of craggy coastline cliffs, giant sea caves, pristine tide pools and expansive beaches.
